

JTS EARLY DECISION FINANCIAL AID APPLICATION INSTRUCTIONS

Please print and return the application to the JTS financial aid office by November 30, 2009. In addition, include signed copies of your 2008 federal tax return (if filed) and your parents' 2008 federal tax returns. You may include a statement with additional information to let us know: a) that you or your parents did not file a 2008 return; and/or b) that your family's financial information may have substantially changed from the amounts reported for income on the 2008 tax return; and/or c) any information that may not be adequately reflected in the financial aid form provided. An **estimated** financial aid award letter will be sent to you after you have been notified of your acceptance to List College **and** after we have received your completed early decision financial aid form and tax returns.

Please note that this award will not represent a commitment of funds, but will be an indication of your estimated eligibility based on the information which you provided on your preliminary financial aid form. Final financial aid applications will be available on the [JTS financial aid page](#) by December 15, 2009, which must be completed in addition to the early admission financial aid application. Final financial aid applications and supporting documentation are due by March 1, 2010.

If you have any questions or concerns, please don't hesitate to e-mail the financial aid office at financialaid@jtsa.edu.
